

VinTech Corp Expense Claim Procedure

VinTech Corp • Internal Document • Doc No. OPS-002 • Version 1.0

1. Purpose

This procedure describes how employees submit and get reimbursed for business-related expenses incurred on behalf of VinTech Corp.

2. Eligible Expenses

Eligible expenses include business travel, client entertainment, work-related supplies, approved training costs, and one-time equipment allowances such as the home-office setup allowance described in the IT Onboarding Guide.

3. Submission Process

Employees submit expense claims through the finance system, attaching a valid receipt or invoice for each item. Claims should be submitted within 30 days of the expense being incurred wherever possible.

4. Approval Thresholds

Expense claims up to \$200 require approval from the employee's direct manager only. Claims between \$200 and \$1,000 require additional approval from the department head. Claims above \$1,000 require approval from the Finance department in addition to the manager and department head.

5. Equipment Allowances

One-time equipment allowances (e.g. home-office setup) must be claimed within 30 days of approval, following the standard reimbursement process described above, including receipts for each purchased item.

6. Reimbursement Timeline

Approved claims are reimbursed through the employee's regular payroll cycle, typically within 10 business days of final approval.

7. Non-Reimbursable Items

Personal expenses, fines or penalties, and expenses without a valid receipt are not eligible for reimbursement, except in exceptional cases approved in writing by the Finance department.
