

VinTech Corp Internship Program Policy

VinTech Corp • Internal Document • Doc No. HR-010 • Version 1.0

1. Purpose

This policy describes the structure of VinTech Corp's internship program, including duration, stipend, and the process for converting interns to full-time employees.

2. Program Duration

Internships typically run for 3 to 6 months, with the exact duration agreed in the internship offer letter. Extensions beyond 6 months require approval from the department head and HR.

3. Stipend

Interns receive a monthly stipend set according to the internship stipend table maintained by HR, which varies by role level and whether the internship is full-time or part-time.

4. Mentorship

Each intern is assigned a mentor from their team, responsible for day-to-day guidance, and a manager responsible for overall performance evaluation.

5. Performance Evaluation

Interns receive a mid-point and a final evaluation, covering technical contribution, collaboration, and learning progress, using a simplified version of the Company's standard rating scale.

6. Conversion to Full-Time

Interns who receive a final evaluation of "Meets Expectations" or higher and for whom a suitable open position exists may be offered a full-time role, subject to standard interview and offer approval steps. Conversion is not automatic and depends on headcount availability.

7. Equipment and Access

Interns receive Company equipment and system access following the standard IT Onboarding Guide, scoped to the systems relevant to their team.
