

VinTech Corp Training and Certification Reimbursement Policy

VinTech Corp • Internal Document • Doc No. HR-012 • Version 1.0

1. Purpose

This policy describes the professional development budget available to employees and the approval process for training and certification reimbursement.

2. Annual Learning Budget

Each full-time employee has an annual learning budget of \$600, which can be used for courses, certification exam fees, books, or conference tickets relevant to their role.

3. Approval Process

Requests over \$150 require prior written approval from the employee's manager before the expense is incurred. Requests of \$150 or less may be claimed directly, subject to standard expense claim rules.

4. Certification Exam Reimbursement

Approved professional certification exam fees are reimbursed in full on the first attempt. A second attempt for the same certification is reimbursed at 50%, and subsequent attempts are not reimbursed.

5. Unused Budget

Unused learning budget does not carry over to the following year and does not have cash value.

6. Claiming Reimbursement

Employees submit training reimbursement claims through the standard expense claim process described in the Expense Claim Procedure, attaching proof of completion or the exam result where applicable.

7. Mandatory Training

Company-mandated training, such as security awareness or compliance training, is provided free of charge and does not draw from the individual learning budget.
