

VinTech Corp Workplace Conduct Code — Anti-Harassment Reporting Procedures

VinTech Corp • Internal Document • Doc No. HR-015 • Version 1.0

1. Purpose

This Workplace Conduct Code expands on the general Code of Conduct in the Employee Handbook, with a specific focus on preventing harassment and describing the detailed reporting and investigation procedure for harassment concerns.

2. Prohibited Conduct

Harassment, including unwelcome comments, physical conduct, or communications of a sexual, discriminatory, or intimidating nature, is strictly prohibited, whether directed at colleagues, vendors, or customers.

3. Reporting Channels

Employees may report a harassment concern to their manager, to HR directly, or through the anonymous ethics hotline. Reports may be submitted verbally or in writing, and anonymous reports are accepted, though they may limit the Company's ability to investigate fully.

4. Investigation Process

HR acknowledges a harassment report within 2 business days and initiates a formal investigation, which typically involves separate interviews with the reporting employee, the accused employee, and any relevant witnesses.

5. Timeline

Investigations are typically completed within 15 business days of the initial report, though complex cases may take longer, with the reporting employee kept informed of general progress.

6. Outcomes

Substantiated harassment complaints may result in disciplinary action up to and including termination, in line with the disciplinary procedure described in the Employee Handbook.

7. Confidentiality and Non-Retaliation

Information gathered during an investigation is shared only with those who need to know it. Retaliation against anyone who reports a concern in good faith, or who participates in an investigation, is strictly prohibited and independently grounds for disciplinary action.
