

VinTech Corp Anti-Bribery and Corruption Policy

VinTech Corp • Internal Document • Doc No. LEG-011 • Version 1.0

1. Purpose

This policy sets out VinTech Corp's zero-tolerance approach to bribery and corruption, and describes limits on gifts and hospitality.

2. Prohibited Conduct

Employees must not offer, give, request, or accept a bribe, kickback, or other improper payment to or from any individual or organization, including government officials, in connection with Company business.

3. Gifts and Hospitality Limits

Employees may accept or offer gifts or hospitality valued up to \$75 per instance without prior approval. Anything above this threshold requires prior written approval from a department head and must be logged in the gifts and hospitality register.

4. Government Officials

Gifts or hospitality involving government officials are subject to stricter limits and require prior approval from Legal in all cases, regardless of value, due to heightened corruption risk.

5. Facilitation Payments

VinTech Corp prohibits facilitation payments (small payments to expedite routine government action) in all circumstances, even where locally common practice.

6. Reporting Concerns

Employees who suspect a violation of this policy should report it to Legal or through the anonymous ethics hotline. Reports are treated confidentially and protected from retaliation.

7. Training

All employees complete anti-bribery and corruption training annually as part of mandatory compliance training.
