

VinTech Corp Intellectual Property Assignment Agreement

VinTech Corp • Internal Document • Doc No. LEG-005 • Version 1.0

1. Purpose

This agreement describes the assignment of intellectual property (IP) created by employees in the course of their employment with VinTech Corp.

2. Scope of Assignment

All inventions, source code, designs, and other work product created by an employee within the scope of their employment, using Company resources, or related to VinTech Corp's business, are owned by the Company.

3. Pre-Existing IP

Employees must disclose any pre-existing intellectual property they intend to use in their work at onboarding. Pre-existing IP disclosed and accepted by the Company remains owned by the employee but is licensed to the Company for use in their work product.

4. Personal Projects

Work created entirely outside of working hours, without using Company resources, and unrelated to the Company's business, is not covered by this assignment, provided the employee has notified their manager of any potential overlap with Company business.

5. Moral Rights

Where applicable law allows moral rights to be waived, employees waive such rights in relation to work product assigned to the Company under this agreement.

6. Cooperation

Employees agree to cooperate with reasonable Company requests to execute documents necessary to perfect IP ownership, including after termination of employment.

7. Survival

This agreement survives termination of employment with respect to IP created during the employment period.
