

VinTech Corp Non-Compete Clause Addendum — Senior Roles

VinTech Corp • Internal Document • Doc No. LEG-006 • Version 1.0

1. Purpose

This addendum applies to employees at Senior Manager level and above, and describes the non-compete obligations that apply following termination of employment.

2. Scope of Restriction

For a period of 12 months after termination of employment, the employee agrees not to join or provide services to a direct competitor of VinTech Corp in a role that would involve substantially similar responsibilities to their role at the Company.

3. Geographic Scope

The non-compete restriction applies within any country in which VinTech Corp actively operates or has concrete plans to operate at the time of the employee's termination.

4. Compensation During Restriction

In consideration for this restriction, the Company pays the employee 50% of their final base salary, spread monthly over the 12-month restricted period, provided the employee complies with the restriction.

5. Exceptions

This restriction does not prevent the employee from working in a role unrelated to VinTech Corp's core business, or from taking a position with a customer or vendor in a non-competing capacity.

6. Enforcement

The Company may seek injunctive relief to enforce this restriction, in addition to any other remedies available at law.

7. Applicability

This addendum applies only to Senior Manager level and above; it does not apply to employees below this level, who are not subject to a post-employment non-compete restriction.
