

VinTech Corp Facilities Management Guide

VinTech Corp • Internal Document • Doc No. OPS-009 • Version 1.0

1. Purpose

This guide describes how employees can request facilities support and how office maintenance is handled at VinTech Corp locations.

2. Submitting a Facilities Request

Employees submit facilities requests, such as furniture repairs, temperature adjustments, or supply restocking, through the internal helpdesk portal under the "Facilities" category.

3. Response Times

Non-urgent facilities requests are typically actioned within 2 business days. Urgent issues, such as a safety hazard or a broken door lock, are flagged for same-day response.

4. Meeting Room Bookings

Meeting rooms are booked through the Company's calendar system. Rooms with videoconferencing equipment should be released promptly if not needed, to keep them available for other teams.

5. Office Supplies

Standard office supplies are stocked in the pantry and supply closet on each floor. Requests for items not normally stocked should be submitted through the facilities request process.

6. Maintenance Schedule

Routine maintenance, such as HVAC servicing and pest control, is scheduled outside of core working hours where possible, with advance notice posted on the office announcement board.

7. Reporting Damage

Any damage to office property should be reported promptly to Facilities so repairs can be scheduled and, where relevant, an insurance claim considered per the Insurance and Liability Coverage Summary.
